Under the auspices of

Dear Colleagues,

it is a great pleasure to invite you to the **1st Lugano International Meeting** on *Nuclear medicine and theranostic of thyroid cancer* organized by our centre under the auspices of the Swiss Society of Nuclear Medicine - Molecular imaging and therapy.

Considering the ongoing discussions about the newly released clinical guidelines the symposium is dedicated to thyroid cancer with emphasis on the role of molecular imaging and radioiodine theranostics in managing our patients.

Thanks to internationally renowned speakers who have accepted our invitation I'm sure the meeting will be full of interesting news and interactive discussion covering all aspects molecular imaging and theranostics of thyroid cancer.

I hope that the meeting will be up to your expectations and welcome you on the shores of Lake Lugano!

Prof. Dr. med. Luca Giovannella
