Annual SMH Technician and Academics Meeting

Chronic Lymphocytic Leukemia (CLL)

**Ospedale Regionale di Bellinzona, San Giovanni
Auditorium, Stabile F
Via A. Gallino 12, Bellinzona**

**Tuesday 4th February 2025
From 08h45 to 17h30**

Dear Colleagues,

We cordially invite you to the Annual Technicians and Academics Meeting on Molecular Hematology.

We will focus on the topic of chronic lymphocytic leukemia with emphasis on the diagnostic workup in genetics, concluding in the afternoon with the application of liquid biopsy and the presentation of clinical cases.

After presentations, we cordially invite you to a tour through the diagnostic or research genetic labs with the opportunity to further discuss and exchange ideas with our lab members.

We are grateful for the sponsorships from the companies who kindly agreed to offer our food during the day but also will be present to give you the opportunity to learn more about their products in the hemato-oncogenomics field.

We are looking forward to an interesting and interactive day.

Best regards,

*Prof. Dr. med. **Davide Rossi**, MD, PhD*

***Gloria Gaudio**, FAMH Genetica Medica*

*PD Dr. med. **Bernhard Gerber***
